PATENTS IN MEXICO

REQUIREMENTS

- Full details of the applicant.
- Full details of the inventor.
- Title of the invention.
- Copy of the description, claims and an abstract of the invention.
- Copy of the drawings.
- Certified priority document containing details (date, number and country)
- Statement declaring whether the invention has been made available to the public prior to the filing date.
- Assignment of the inventor's rights to the applicant if applicant is different from the inventor,
- Power of attorney simply signed (No legalisation required)

PROCEDURE

After filing the patent application is subject to examination on formal and substantive grounds. There is no procedure for opposition by third parties.

If the application receives no objections from the Patent Office, the average time scale from application to granting of the patent is approximately two years.

OBSERVATIONS

- The patent is valid for 20 years from the date of filing.
